European Parliament
2024-2029

Committee on the Environment, Climate and Food Safety

2026/2666(RSP)

29.6.2026

AMENDMENTS
1 - 200

Draft motion for a resolution
Lídia Pereira, Heléne Fritzon, Marie-Luce Brasier-Clain, Alexandr Vondra, Emma Wiesner, Pär Holmgren, Lynn Boylan, Anja Arndt
(PE786.880v01-00)

UN Climate Change Conference 2026 in Antalya, Turkey (COP31)

Amendment 1
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Citation 3 a (new)

Draft motion for a resolution	*Amendment*
	– having regard to the Council Decision (EU) 2016/590 of 11 April 2016 on the signing, on behalf of the European Union, of the Paris Agreement adopted under the United Nations Framework Convention on Climate Change[1a], and the Council Decision (EU) 2016/1841 of 5 October 2016 on the conclusion, on behalf of the European Union, of the Paris Agreement adopted under the United Nations Framework Convention on Climate Change[1b],
	[1a] OJ L 103, 19.4.2016, p. 1–2
	[1b] OJ L 282, 19.10.2016, p. 1–3

Or. en

Amendment 2
Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Citation 5 a (new)

Draft motion for a resolution	*Amendment*
	– having regard to the Global Framework on Chemicals – For a Planet Free of Harm from Chemicals and Waste, adopted under UNEP in September 2023,[1a]
	[1a] https://www.chemicalsframework.org/page/text-global-framework-chemicals

Or. en

Amendment 3
Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Citation 5 b (new)

Draft motion for a resolution	*Amendment*
	– having regard to the first International Conference of the Global Framework on Chemicals ("GFC)"on 16–20 November 2026 in Geneva,

Or. en

Amendment 4
Lídia Pereira

Draft motion for a resolution
Citation 6 a (new)

Draft motion for a resolution	*Amendment*
	– having regard to the Baku Adaptation Roadmap, adopted at COP29, which sets out the global adaptation work programme for the period 2026 to 2028 and establishes the framework for advancing national and collective adaptation efforts ahead of the next Global Stocktake under the Paris Agreement,

Or. en

Amendment 5
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution

Amendment 21
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Citation 31 b (new)

Draft motion for a resolution	*Amendment*

– having regard to the United Nations General Assembly resolution of 20 May 2026 endorsing the International Court of Justice Advisory Opinion on States' obligations in relation to climate change, which reaffirmed that the protection of the climate system constitutes a legal obligation under international law and called for enhanced international cooperation and accelerated climate action,

Or. en

Amendment 22
Sirpa Pietikäinen

Draft motion for a resolution
Citation 31 b (new)

Draft motion for a resolution	*Amendment*
	– having regard to the "polluter pays principle" as recognised by existing UNFCCC and EU policy frameworks,

Or. en

Amendment 23
Sirpa Pietikäinen

Draft motion for a resolution
Citation 31 c (new)

Draft motion for a resolution	*Amendment*
	– having regard to the European Environmental Agency's European Climate Risk Assessment and the Climate and Security Trend Analysis comissioned by the EU, which identify pathways through which climate change exacerbates security risks,

Or. en

Amendment 24
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Citation 32

Draft motion for a resolution	*Amendment*
– having regard to the Just Transition Declaration adopted on 4 November 2021at COP26,	***deleted***

Or. en

Amendment 25
Pär Holmgren

Draft motion for a resolution
Recital A

Draft motion for a resolution	*Amendment*
A. whereas the European Parliament ***has*** declared a climate and environmental emergency and has committed to take urgent action to contain this threat;	A. whereas the European Parliament ***in 2019*** declared a climate and environmental emergency and has committed to take urgent action to contain this threat;

Or. en

Amendment 26
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Recital B a (new)

Draft motion for a resolution	*Amendment*
	Ba. whereas access to a clean, healthy and sustainable environment is a universal human right and Article 37 of the Charter of Fundamental Rights of the European Union enshrines the principle

	that environmental protection must be guaranteed in Union law;

Or. en

Amendment 27
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Recital C

Draft motion for a resolution	*Amendment*
C. whereas according to the UNEP Emissions Gap Report 2025***[9]*** **,** full implementation of ***the unconditional NDCs made under*** the Paris Agreement ***for 2030 would set the world on course*** to limit ***the global temperature rise to 2.5*** °C ***this century, and fully implementing conditional NDCs would lower this temperature rise to 2.3*** °C;	C. whereas according to the UNEP ***"***Emissions Gap Report 2025***: Off target"[9] , finds that global warming projections over this century, based on the*** full implementation of ***Nationally Determined Contributions (NDCs), are now 2.3-2.5°C, while those based on current policies are 2.8°C. This compares to 2.6-2.8°C and 3.1°C in last year's report. However, methodological updates account for 0.1°C of the improvement, and the upcoming withdrawal of the US from*** the Paris Agreement ***will cancel another 0.1°C, meaning that the new NDCs themselves have barely moved the needle. Nations remain far from meeting the Paris Agreement goal*** to limit ***warming to well-below 2***°C***, while pursuing efforts to stay below 1.5***°C;
[9] UNEP report, 4 November 2025, Emissions Gap Report 2025: Off Target.	***[9] UNEP report, 4 November 2025, Emissions Gap Report 2025: Off Target.***

Or. en

Amendment 28
Emma Wiesner, Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Recital D

Draft motion for a resolution	*Amendment*
D. whereas the 2025 NDC synthesis report[10] states that the global GHG emission level in 2030 is projected to fall 6 % below the 2019 level; whereas the IPCC concludes that in scenarios limiting warming to 1.5 °C, GHG emissions need to be 43 % below the 2019 level by 2030;	D. whereas the 2025 NDC synthesis report[10] states that the global GHG emission level in 2030 is projected to fall 6 % below the 2019 level; whereas the IPCC concludes that in scenarios limiting warming to 1.5 °C, GHG emissions need to be ***at least*** 43 % below the 2019 level by 2030;
[10] UNFCCC Secretariat, 28 October 2025, synthesis report, Nationally determined contributions under the Paris Agreement.	[10] UNFCCC Secretariat, 28 October 2025, Synthesis Report, Nationally determined contributions under the Paris Agreement.

Or. en

Amendment 29
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Recital D a (new)

Draft motion for a resolution	*Amendment*
	Da. whereas the 2020 IPBES-IPCC Co-Sponsored workshop on Biodiversity and Climate Change highlighted that reintroducing key species can be beneficial for both biodiversity and climate mitigation and adaptation; whereas scientific evidence shows that wild animals sustain key ecosystem functions that deliver nature-based solutions for climate change mitigation and ecosystem resilience, including contributions to forest generation, soil fertility, nutrient cycling and fire regulation;

Or. en

Amendment 30
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Recital E

Draft motion for a resolution	*Amendment*
E. whereas EU legislation establishes ***a*** reduction target of at least 55 % for net GHG emissions by 2030, and a 90 % reduction target by 2040, compared to 1990 levels and together with the associated flexibilities;	E. whereas EU legislation establishes ***an ambitious*** reduction target of at least 55 % for net GHG emissions by 2030, and a 90 % reduction target by 2040, compared to 1990 levels and together with the associated ***5%*** flexibilities ***of international credits, and a climate neutrality by 2050, without taking into account, among others, diverse national contexts and conditions, in particular industrial base and energy mix, global challenges and barriers, limited access to affordable and predictible finance, technology gaps and capacity constraints***;

Or. en

Amendment 31
Pär Holmgren

Draft motion for a resolution
Recital E a (new)

Draft motion for a resolution	*Amendment*
	Ea. whereas the European Scientific Advisory Board on Climate Change recommends the urgent and full phasing out of fossil fuel subsidies in the EU, in line with existing commitments; whereas the 8th Environmental Action Program (EAP) requires the establishment of a clear deadline for ending such subsidies, in line with this climate ambition;

Or. en

Amendment 32
Pär Holmgren

Draft motion for a resolution
Recital F

Draft motion for a resolution	*Amendment*
F. whereas according to the C3S and WMO joint report, 2025 was the third-warmest year on record, with global temperature estimated as being 1.4°C above pre-industrial levels[11] ;	F. whereas according to the C3S and WMO joint report, 2025 was the third-warmest year on record, with global temperature estimated as being 1.4°C above pre-industrial levels[11]; ***whereas according to the ECMWF findings the last 11 years have been the hottest 11 years ever recorded, and 2023-2025 were the hottest three years ever recorded, with a global temperature that for the first time ever averages more than 1.5°C above the pre-industrial level during a three-year period[1a];***
	[1a] The European Centre for Medium-Range Weather Forecasts, 2026, https://climate.copernicus.eu/copernicus-2025-was-third-hottest-year-record
[11] C3S-WMO, 2026, European State of the Climate Report 2025.	[11] C3S-WMO, 2026, European State of the Climate Report 2025.

Or. en

Amendment 33
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Recital F

Draft motion for a resolution	*Amendment*
F. whereas according to the C3S and WMO joint report, 2025 was the third-warmest year on record, with global temperature estimated as being 1.4°C above pre-industrial levels[11] ;	F. whereas according to the C3S and WMO joint report, 2025 was the third-warmest year on record, with global temperature estimated as being 1.4°C above pre-industrial levels***, and based on satellite estimates, global average atmospheric concentrations of CO2 and CH4, continued to increase in 2025***[11] ;

[11] C3S-WMO, 2026, European State of the Climate Report 2025.	[11] C3S-WMO, 2026, European State of the Climate Report 2025.

Amendment 34
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Recital F a (new)

Draft motion for a resolution	*Amendment*
	Fa. whereas the incoming COP31 Presidency has launched a Global Climate Action Agenda designed to close the implementation gap of the Paris Agreement through concrete, measurable and economy-wide transformation targets, including rapidly increasing the share of electrification in final energy demand, significantly reducing waste generation and associated methane emissions, advancing green industrialisation by supporting the circular economy, and substantially improving energy efficiency in buildings as a key pillar of climate-neutral and resilient cities; whereas these objectives underline that the next phase of global climate action must shift decisively from commitment-making to full-scale implementation across all sectors of the economy;

Or. en

Amendment 35
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Recital F b (new)

Draft motion for a resolution	*Amendment*

Fb. whereas the urgent phase-out of fossil fuel subsidies across the EU is essential to align with the objective of limiting global warming to 1.5 °C, as highlighted by the European Scientific Advisory Board on Climate Change; whereas the 8th Environment Action Programme (EAP) requires the establishment of a clear deadline for ending such subsidies in line with this climate ambition; whereas many Member States have yet to adopt concrete plans or timelines to achieve this goal; whereas the continued provision of fossil fuel subsidies undermines the transition to renewable energy, distorts fair resource allocation, and jeopardises the EU's ability to meet its commitments under the Paris Agreement;

Or. en

Amendment 36
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Recital F c (new)

Draft motion for a resolution	*Amendment*
	Fc. whereas the Union has co-launched the Global Methane Pledge (GMP) at COP26 to reduce methane emissions by 30% in 2030 relative to 2020 levels; whereas the Secretary-General of the United Nations has launched a global Call to Action on Methane spotlighting the waste sector, the agriculture sector and especially the coal, oil and gas sector;

Or. en

Amendment 37
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Recital F d (new)

Draft motion for a resolution	*Amendment*
	Fd. whereas the European Commission, the COP30 Presidency, the COP31 Presidency, the COP32 Presidency, Canada, the Philippines, the Republic of Korea, the United Kingdom, the International Energy Agency and the International Renewable Energy Agency together with industry leaders have launched 'Electrify Now', a global platform to accelerate the electrification of the global economy;

Or. en

Amendment 38
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Recital F e (new)

Draft motion for a resolution	*Amendment*
	Fe. whereas conserving, protecting, and restoring nature and ecosystems is key to achieve the Paris Agreement temperature goal, including through greater efforts to halt and reverse deforestation and forest degradation by 2030;

Or. en

Amendment 39
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Recital G

Draft motion for a resolution	*Amendment*
G. whereas seven out of nine planetary boundaries have been exceeded according to the Stockholm Resilience Centre report entitled 'Planetary Health Check 2025'[12] ;	***deleted***

Draft motion for a resolution
Paragraph 7 a (new)

Draft motion for a resolution	*Amendment*
	7a. Emphasises the need for accelerating action on mitigation, including through advancing the mitigation work programme (MWP); underlines the importance that these efforts contribute to actual emission reductions;

Or. en

Amendment 77
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 7 b (new)

Draft motion for a resolution	*Amendment*
	7b. Stresses that the rapid electrification of end-use sectors, including transport, buildings and industry, is indispensable for achieving the objectives of the Paris Agreement and reducing dependence on fossil fuels; calls on Parties at COP31 to commit to accelerating the deployment of renewable-based electricity systems, modernising and expanding electricity grids, improving energy efficiency, and ensuring access to affordable clean electricity; emphasises that electrification strategies must be accompanied by strong social safeguards, public investment, skills development and measures to guarantee a just transition for workers and communities affected by the transition away from fossil fuels;

Or. en

Amendment 78
Emma Wiesner, Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Paragraph 7 b (new)

Draft motion for a resolution	*Amendment*
	7b. Welcomes the fact that according to the World Bank, just over 29 % of global emissions are now covered by carbon pricing; regrets, nevertheless, that both the coverage and the average pricing levels remain far too low to meet the goals set in the Paris Agreement; highlights that carbon pricing raises revenues, which should be used for climate action and a just transition;

Or. en

Amendment 79
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 7 c (new)

Draft motion for a resolution	*Amendment*
	7c. Takes note of the COP31 Presidency's objective of increasing the share of final energy demand met by electricity from just over 20 % today to 35 % by 2035; stresses that this objective should be supported by sector-specific implementation plans, measurable milestones and transparent reporting frameworks, and should be pursued in conjunction with the rapid expansion of renewable energy generation and energy efficiency improvements in line with the goals of the Paris Agreement and the outcomes of the first Global Stocktake;

Or. en

Amendment 80
Emma Wiesner, Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Paragraph 7 c (new)

Draft motion for a resolution	*Amendment*
	7c. Welcomes the intention of the co-hosts of COP31 to set a global electrification goal; calls on the Commission to establish a clear EU target on electrification ahead of COP31;

Or. en

Amendment 81
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 7 d (new)

Draft motion for a resolution	*Amendment*
	7d. Welcomes the COP31 Presidency's initiative to address the growing climate impacts of waste and resource consumption, including its objective of halving the projected growth in global waste generation by 2035; notes, however, that reducing the rate of growth of waste generation is not equivalent to reducing absolute waste generation, and thus calls on Parties to work towards an absolute reduction in waste generation in the medium term; underlines that any such commitment should be science-based, supported by quantified targets and common methodologies, and prioritise waste prevention over disposal; calls on Parties to integrate circular economy measures into their climate strategies and NDCs, while building on the implementation of Sustainable Development Goal 12;

Or. en

Amendment 82
Pär Holmgren

Draft motion for a resolution	*Amendment*
10. Recalls the importance of transitioning away from fossil fuels in a just, orderly and equitable manner; calls on the Parties to the UNFCCC to develop a fossil fuel non-proliferation treaty and time-bound plans to phase out fossil fuel subsidies and fossil fuel production;	10. Recalls the importance of transitioning away from fossil fuels in a just, orderly and equitable manner; calls on the Parties to the UNFCCC to develop a fossil fuel non-proliferation treaty and time-bound plans to phase out fossil fuel subsidies and fossil fuel production ***as soon as possible, with the EU taking a leading role***;

Or. en

Amendment 101
Pär Holmgren

Draft motion for a resolution

Paragraph 10 a (new)

Draft motion for a resolution	*Amendment*
	10a. Stresses that the protection of investment in fossil fuels, including Investor-State Dispute Settlement (ISDS) provisions in trade and investment treaties, remains one of the most significant obstacles to ambitious climate action and a just transition away from fossil fuels; welcomes the coordinated withdrawal by the Union and its Member States from the Energy Charter Treaty and calls on the Member States who have yet not done so to urgently move forward with their individual withdrawals; urges the Union and its Member States to take the lead in launching, by the Second International Conference on Transitioning Away from Fossil Fuels at the latest, an international coalition of countries to engage in collective withdrawal from or renegotiation of investment and trade agreements with the view to remove investor–state dispute settlement (ISDS) provisions related to fossil fuels and any other form of protection of fossil fuels investments, while neutralising sunset clauses; calls on Member States to set an example by announcing by COP31 at the latest their intention to renegotiate all their bilateral investment treaties still containing ISDS provisions for fossil fuels investments;

Or. en

Amendment 102
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 10 a (new)

Draft motion for a resolution	*Amendment*
	10a. Stresses that global fossil fuel subsidies continue to distort energy

markets and delay the transition towards renewable energy systems; calls on the Union and the Member States to establish, without delay, clear, transparent and socially just timelines for the phase-out of all environmentally harmful fossil fuel subsidies, including direct and indirect subsidies, tax exemptions and capacity mechanisms supporting fossil fuel production and consumption;

Or. en

Amendment 103
Annalisa Corrado, Heléne Fritzon

Draft motion for a resolution
Paragraph 10 a (new)

Draft motion for a resolution	*Amendment*
	10a. Calls on the Commission to develop and present, ahead of COP31, a comprehensive external strategy supporting the global transition away from fossil fuels, including enhanced cooperation with fossil fuel producing countries, support for economic diversification, renewable energy deployment and sustainable development pathways consistent with the goals of the Paris Agreement;

Or. en

Amendment 104
Marie-Luce Brasier-Clain, Mathilde Androuët, Anne-Sophie Frigout, Valérie Deloge, Viktória Ferenc, Barbara Bonte

Draft motion for a resolution
Paragraph 10 a (new)

Draft motion for a resolution	*Amendment*
	10a. Notes that gas can play a crucial transitional role in the face of the

extensive use of coal and wood, especially in regions that do not have the means to deploy renewable or nuclear energy on a large scale in the short term;

Or. fr

Amendment 105
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Paragraph 10 a (new)

Draft motion for a resolution	*Amendment*
	10a. Emphasises the vulnerabilities caused by the dependency on fossil fuels in a time of global geopolitical instability; underlines the importance of the decarbonisation for strategic autonomy;

Or. en

Amendment 106
Emma Wiesner, Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Paragraph 10 a (new)

Draft motion for a resolution	*Amendment*
	10a. Calls on the EU to lead with good example and set up a binding framework for a cross-sectoral and economy-wide phase out of fossil fuels, complementing existing policies;

Or. en

Amendment 107
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Paragraph 10 b (new)

Draft motion for a resolution	*Amendment*
	10b. Considers that investor-state dispute settlement (ISDS) mechanisms, embedded in over 2,500 investment treaties, represent one of the most significant and underappreciated legal barriers to the transition away from fossil fuels; welcomes the EU's and a number of EU Member States exit from the Energy Charter Treaty; calls on all parties to COP31 to treat ISDS reform as a climate issue;

Or. en

Amendment 108
Annalisa Corrado, Heléne Fritzon

Draft motion for a resolution
Paragraph 10 b (new)

Draft motion for a resolution	*Amendment*
	10b. Calls on the Commission to improve transparency regarding the expected evolution of EU fossil fuel demand and imports over the coming decades, in order to provide greater predictability for partner countries and facilitate the planning of long-term economic diversification strategies in fossil fuel-dependent economies;

Or. en

Amendment 109
Emma Wiesner, Martin Hojsík

Draft motion for a resolution
Paragraph 10 b (new)

Draft motion for a resolution	*Amendment*
	10b. Recalls that the Investor-State Dispute Settlement (ISDS) is frequently being used by multinational energy companies to claim damages for environmental and climate policies such as ending fossil fuels extractions, therefore causing a regulatory chill and reducing the fiscal space to counter climate change;

Or. en

Amendment 110
Emma Wiesner, Martin Hojsík

Draft motion for a resolution
Paragraph 10 c (new)

Draft motion for a resolution	*Amendment*
	10c. Recalls that the EU and several Member States have left the Energy Charter Treaty because the investor-state dispute settlement (ISDS) therein is deemed incompatible with the obligations and goals of the Paris Agreement; encourages Parties to abolish ISDS by reviewing existing treaties and not including ISDS in new agreements; calls on the EU and its Member States at the COP31 to mobilise a collection of Parties to jointly push for a reform of ISDS;

Or. en

Amendment 111
Annalisa Corrado, Heléne Fritzon

Draft motion for a resolution
Paragraph 10 c (new)

Draft motion for a resolution	*Amendment*
	10c. Encourages the establishment of

structured dialogues between fossil fuel producing and consuming countries aimed at supporting a just, orderly and equitable transition away from fossil fuels, including through investment cooperation, technology exchange and economic diversification initiatives;

Or. en

Amendment 112
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 11

Draft motion for a resolution	*Amendment*
11. Recalls that the gap in global climate finance between what is needed and what is currently provided is significant and growing;	11. Recalls that the gap in global climate finance between what is needed and what is currently provided is significant and growing; ***notes with concern the UNEP Adaptation Gap Report 2025, which estimates the adaptation finance gap at USD 310–365 billion annually by 2035, while adaptation finance flows to developing countries remain stagnant; emphasises that current levels of climate finance fall far short of the needs identified by developing countries and are insufficient to support a just and equitable global transition. Stresses that the cost of inaction is expected to be significantly higher than the investments required to achieve the goals of the Paris Agreement and build climate-resilient economies;***

Or. en

Amendment 113
Pär Holmgren

Draft motion for a resolution
Paragraph 11

Draft motion for a resolution	*Amendment*
11. ***Recalls*** that the gap in global climate finance between what is needed and what is currently provided is significant and growing;	11. ***Stresses*** that the gap in global climate finance between what is needed and what is currently provided is significant and growing ***and calls for this gap to be urgently addressed***; ***emphasises that the provision of adequate climate finance is crucial for achieving the goals of the Paris Agreement, recalls that many developing countries' NDCs are conditional on international climate finance;***

Or. en

Amendment 114
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 12

Draft motion for a resolution	*Amendment*
12. Notes that the EU and its Member States are the largest providers of public climate finance, providing roughly one third of global public climate finance, with the EU and its Member States providing EUR 31.7 billion from public sources in 2024, and mobilising EUR 11 billion in private finance[13] ;	12. Notes that the EU and its Member States are the largest providers of public climate finance, providing roughly one third of global public climate finance, with the EU and its Member States providing EUR 31.7 billion from public sources in 2024, and mobilising EUR 11 billion in private finance[13]; ***stresses, however, that existing levels of climate finance remain insufficient to meet the scale of global mitigation, adaptation and loss and damage needs; calls on the EU and its Member States to continue increasing climate finance contributions, particularly in the form of grants and highly concessional finance, while ensuring that climate finance is new and additional to official development assistance;***
[13] Council of the European Union, 27 October 2025, press release.	[13] Council of the European Union, 27 October 2025, press release.

Or. en

Amendment 115
Emma Wiesner, Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Paragraph 12

Draft motion for a resolution	*Amendment*
12. Notes that the EU and its Member States are the largest providers of public climate finance, providing roughly one third of global public climate finance, with the EU and its Member States providing EUR 31.7 billion from public sources in 2024, and mobilising EUR 11 billion in private finance[13] ;	12. Notes that the EU and its Member States are the largest providers of public climate finance, providing roughly one third of global public climate finance, with the EU and its Member States providing EUR 31.7 billion from public sources in 2024, and mobilising EUR 11 billion in private finance***, calls on the EU and the Member States to increase climate finance as part of the EU budget and national budgets, and to mobilise private climate finance, towards the new collective quantified goal (NCQG)***[13];
[13] Council of the European Union, 27 October 2025, press release.	[13] Council of the European Union, 27 October 2025, press release.

Or. en

Amendment 116
Pär Holmgren

Draft motion for a resolution
Paragraph 12 a (new)

Draft motion for a resolution	*Amendment*
	12a. Calls on all Parties to contribute their fair share towards meeting the new collective quantified goal (NCQG), which should include subgoals for finance for mitigation and adaptation and for loss and damage; calls for the EU and its Member States to scale up new and additional climate finance, through a dedicated and predictable EU public finance mechanism, and reiterates its call

for the EU and national budgets to be adapted to meet the agreed NCQG, so that the EU delivers its fair share of international climate finance, especially in regard to its responsibility, based on cumulative past emissions of GHG; considers that the NCQG represents the lower end/boundary for climate finance mobilisation;

Or. en

Amendment 117
Pär Holmgren

Draft motion for a resolution
Paragraph 12 b (new)

Draft motion for a resolution	*Amendment*
	12b. Expresses its concern about the new collective quantified goal (NCQG) being met by re-categorising other funds; points also to concerns about the ambiguity around the kinds of funding that contribute to the NCQG, in particular the issue of double-counting;

Or. en

Amendment 118
Pär Holmgren

Draft motion for a resolution
Paragraph 12 c (new)

Draft motion for a resolution	*Amendment*
	12c. Stresses that adaptation is underfunded, and that the new collective quantified goal (NCQG) does not respond sufficiently to adaptation finance needs; highlights the importance of international public finance in particular when it comes to adaptation need and addressing loss and damage;

Or. en

Amendment 119
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 13

Draft motion for a resolution	*Amendment*
13. Notes that many climate-vulnerable countries, including several least-developed countries, are in debt distress or at significant risk of debt distress, which diminishes the effectiveness of international climate finance;	13. Notes that many climate-vulnerable countries, including several least-developed countries, are in debt distress or at significant risk of debt distress, which diminishes the effectiveness of international climate finance; ***calls for comprehensive debt cancellation and restructuring for climate-vulnerable developing countries facing unsustainable debt burdens; supports the establishment of an effective multilateral sovereign debt workout mechanism under the auspices of the United Nations; calls for the scaling-up of debt-for-climate and debt-for-nature swaps and for climate finance to be provided primarily in the form of grants rather than loans, in order to avoid further exacerbating debt vulnerabilities;***

Or. en

Amendment 120
Pär Holmgren

Draft motion for a resolution
Paragraph 13

Draft motion for a resolution	*Amendment*
13. Notes that many climate-vulnerable countries, including several least-developed countries, are in debt distress or at significant risk of debt distress, which diminishes the effectiveness of international climate finance;	13. Notes that many climate-vulnerable countries, including several least-developed countries, are in debt distress or at significant risk of debt distress, which diminishes the effectiveness of international climate finance***, reiterates therefore that climate finance should be***

allocated in a way that does not exacerbate their debt burden, giving priority to grant-based finance**; **calls on the Commission and the Member States to assess their options for contributing to alleviating this debt distress and to take relevant action without delay;

Or. en

Amendment 121
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Paragraph 13

Draft motion for a resolution	*Amendment*
13. Notes that many climate-vulnerable countries, including several least-developed countries, are in debt distress or at significant risk of debt distress, which diminishes the effectiveness of international climate finance;	13. Notes that many climate-vulnerable countries, including several least-developed countries, are in debt distress or at significant risk of debt distress, which diminishes the effectiveness of international climate finance; ***underlines the importance of focusing on quality of finance, ensuring it is accessible and affordable without creating heavier debt burdens for developing countries;***

Or. en

Amendment 122
Pär Holmgren

Draft motion for a resolution
Paragraph 13 a (new)

Draft motion for a resolution	*Amendment*
	13a. Stresses that there is consensus across UN bodies that climate finance cannot be scaled up equitably unless the debt crisis is addressed; highlights the importance, in this context, of debt relief instruments;

Or. en

Amendment 123
Pär Holmgren

Draft motion for a resolution
Paragraph 13 b (new)

Draft motion for a resolution	*Amendment*
	13b. Calls on all Parties, when financing the new collective quantified goal (NCQG), to prioritise instruments and measures that are grant-based and non-debt inducing in order to ensure that the recipient countries are able to implement necessary mitigation and adaptation measures without increasing their debt burden;

Or. en

Amendment 124
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 14

Draft motion for a resolution	*Amendment*
14. Welcomes the launch of the global climate finance accountability framework at COP30, designed to strengthen transparency, credibility and trust in climate finance delivery;	14. Welcomes the launch of the global climate finance accountability framework at COP30, designed to strengthen transparency, credibility and trust in climate finance delivery; ***emphasises the importance of robust, harmonised and publicly accessible reporting methodologies to ensure that climate finance commitments are accurately tracked and assessed; calls for clear accounting rules to avoid double counting and to distinguish between grants, concessional finance and market-rate loans;***

Or. en

Amendment 125
Pär Holmgren

Draft motion for a resolution
Paragraph 14 a (new)

Draft motion for a resolution	*Amendment*
	14a. Stresses the urgent need to simplify, accelerate and adapt climate finance procedures to the realities of developing countries, notably by establishing single-window access points, harmonising application criteria and providing technical assistance for project preparation, to ensure that climate finance is accessible, rapid and effective for local organisations and communities that are most affected by climate change;

Or. en

Amendment 126
Annalisa Corrado, Heléne Fritzon

Draft motion for a resolution
Paragraph 14 a (new)

Draft motion for a resolution	*Amendment*
	14a. Stresses that the credibility of the Union's international climate commitments depends on adequate financial resources under the next Multiannual Financial Framework; calls for climate and biodiversity objectives to remain a central component of the next MFF, including through an ambitious climate mainstreaming target across Union expenditure and external action instruments;

Or. en

Amendment 127
Emma Wiesner, Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Paragraph 14 a (new)

Draft motion for a resolution	*Amendment*
	14a. Recalls the EU Climate Law commitment in increased finance for Article 6 projects; stresses the need for global cooperation on setting high quality standards and ensuring transparency, climate integrity and avoidance of double counting; urges the need for EU mechanisms for orderly, coordinated and science backed purchase of such international credits;

Or. en

Amendment 128
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 14 a (new)

Draft motion for a resolution	*Amendment*
	14a. Highlights the Climate Implementation Bridge announced by the COP31 Presidency as a tool for bridging the gap between climate finance targets and tangible investments, ensuring that sustainable climate finance solutions can be delivered in a faster and more efficient manner;

Or. en

Amendment 129
Pär Holmgren

Draft motion for a resolution
Paragraph 14 b (new)

Draft motion for a resolution	*Amendment*
	14b. Reiterates its call to make the operationalisation of article 2.1(c) of the Paris Agreement a standing point on the COP agendas; calls for the EU to engage in international initiatives such as the Bridgetown Initiative 3.0; calls for swifter reform of the international financial architecture, and calls on all the major international financial institutions and multilateral development banks to assume their role as climate banks and to align their portfolios and lending policies with the Paris Agreement in a way that is financially sustainable in the long term; calls also on domestic and international financial systems to better address the challenges of climate change by removing barriers to accessing climate finance for clean technologies and shifting public and private finance flows away from emission-intensive activities;

Or. en

Amendment 130
Annalisa Corrado, Heléne Fritzon

Draft motion for a resolution
Paragraph 14 b (new)

Draft motion for a resolution	*Amendment*
	14b. Calls for the future Global Europe instrument to continue supporting climate adaptation, resilience-building and biodiversity protection, particularly in least-developed countries and climate-vulnerable regions, while maintaining poverty reduction as a core objective of EU external action;

Or. en

Amendment 131

Pär Holmgren

Draft motion for a resolution
Paragraph 14 c (new)

Draft motion for a resolution	*Amendment*
	14c. Considers that the European Investment Bank (EIB) should serve as the Union's climate bank and takes note therefore of its climate bank roadmap and updated energy lending policy, as well as the additional efforts of the European Investment Fund, as important steps in spearheading climate investment;

Or. en

Amendment 132
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Paragraph 14 a (new)

Draft motion for a resolution	*Amendment*
	14a. Notes with concern that the sixth assessment report of the IPCC estimates that approximately 3.3 to 3.6 billion people live in contexts that are highly vulnerable to climate change;

Or. en

Amendment 133
Danuše Nerudová

Draft motion for a resolution
Paragraph 15

Underlines the need to step up climate adaptation, resilience and preparedness within the EU and globally in order to minimise the negative effects of

climate change and biodiversity loss;	climate change and biodiversity loss; ***stresses that climate adaptation depends on healthy ecosystems and underlines the need for ecosystem-based adaptation;***

Or. en

Amendment 136
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Paragraph 15

Draft motion for a resolution	*Amendment*
15. Underlines the need to ***step up*** climate adaptation, resilience and preparedness within the EU and globally in order to minimise the negative effects ***of climate change and biodiversity loss***;	15. Underlines the need to ***have a pragmatic approach to*** climate adaptation, resilience and preparedness within the EU and globally in order to minimise the negative effects ***on industry and people***;

Or. en

Amendment 137
Pär Holmgren

Draft motion for a resolution
Paragraph 15 a (new)

Draft motion for a resolution	*Amendment*
	15a. Stresses that the costs of adaptation will increase with inaction and delayed action, in terms of both mitigation and adaptation; recognises the importance of global cooperation and the exchange of know-how and of the best available science and of best practices in climate adaptation while emphasising the important role of local and regional authorities in designing and implementing these actions as best adapted to the local context;

Or. en

Amendment 138
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Paragraph 15 a (new)

Draft motion for a resolution	*Amendment*
	15a. Stresses the importance of considering in this context the issue of human mobility, and the need to take measures that reduce displacement risk, strengthen resilience, support anticipatory action and early warning, and enable people to stay safely where possible, move safely and with dignity when necessary, and access protection and assistance when displacement occurs;

Or. en

Amendment 139
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 15 a (new)

Draft motion for a resolution	*Amendment*
	15a. Recognises in particular at COP31 the impacts of climate change on small island states, many in the Pacific region, and the huge adaptation challenges being faced by these nations; appreciates the leadership role played by small island states in the development of the Paris Agreement and the implementation of its framework;

Or. en

Amendment 140
Annalisa Corrado, Heléne Fritzon

Draft motion for a resolution
Paragraph 15 a (new)

Draft motion for a resolution	*Amendment*
	15a. Stresses that adaptation and resilience policies are essential components of climate security; calls for increased support for disaster risk reduction, nature-based solutions and preparedness measures, particularly in regions most exposed to climate-related impacts;

Or. en

Amendment 141
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 15 b (new)

Draft motion for a resolution	*Amendment*
	15b. Acknowledges that human mobility can also be an adaptation strategy to environmental and climate change, including for vulnerable communities at risk of displacement and facing climate-related loss and damage, when it is safe, orderly, regular and well-governed; encourages Parties to integrate concrete provisions on human mobility into their National Adaptation Plans in ways that reduce displacement risk, strengthen resilience, support anticipatory action and early warning systems, and enable people to stay safely where possible, move safely and with dignity when necessary, and access protection and assistance when displacement occurs;

Or. en

Amendment 142

Pär Holmgren

Draft motion for a resolution
Paragraph 15 b (new)

Draft motion for a resolution	*Amendment*
	15b. Reiterates its deep concern about the increasing intensity and frequency of extreme weather events in the EU and globally, including wildfires, droughts, heatwaves and floods, and their impact on human health and the increasing loss of lives; notes that sea levels are expected to rise more quickly throughout this century in all the IPCC scenarios, incurring financial costs and causing the loss of coastal areas all around the world;

Or. en

Amendment 143
Heléne Fritzon, Mohammed Chahim, Annalisa Corrado, Javi López, César Luena, Sakis Arnaoutoglou, Delara Burkhardt, Tiemo Wölken

Draft motion for a resolution
Paragraph 15 b (new)

Draft motion for a resolution	*Amendment*
	15b. Urges all Parties to contribute to advancing work on operationalising the adaptation indicators to track global resilience and measure progress on the Global Goal on Adaptation;

Or. en

Amendment 144
Pär Holmgren

Draft motion for a resolution
Paragraph 15 c (new)

Draft motion for a resolution	*Amendment*

	15c. Welcomes the adoption of indicators and progress on operationalisation of the global goal on adaptation agreed at COP30; calls on all Parties to deliver on the agreed goal of tripling climate adaptation finance by 2035; calls for work to continue at COP31 on the operationalisation and implementation of the global goal on adaptation, taking into due account the 2026 National Adaptation Plans (NAPs) progress report, and calls for adaptation to be a standing point on the COP agendas;

Or. en

Amendment 145
Pär Holmgren

Draft motion for a resolution
Paragraph 15 d (new)

Draft motion for a resolution	*Amendment*
	15d. Calls on Parties that have not yet done so to put in place and submit their National Adaptation Plans (NAPs) as soon as possible; calls on all Parties to have progressed in implementing their NAPs by 2030, and to include a focus on nature-based solutions; calls on all Parties to integrate in their NAPs cross-cutting elements such as gender equality and human rights; calls on all Parties to integrate in their NAPs consideration of displacement risk, strengthening of resilience to enable people to stay safely where possible, and implementation of plans for safe and dignified human mobility when necessary, with access to protection and assistance when displacement occurs;

Or. en

Amendment 146
Pär Holmgren

Draft motion for a resolution
Paragraph 15 e (new)

Draft motion for a resolution	*Amendment*
	15e. Calls for increased investment in early warning systems and risk management systems in vulnerable regions, highlighting their essential role in protecting lives, safeguarding livelihoods and strengthening resilience to climate risks;

Or. en

Amendment 147
Pär Holmgren

Draft motion for a resolution
Paragraph 15 f (new)

Draft motion for a resolution	*Amendment*
	15f. Encourages greater support for the collection, sharing and analysis of climate and disaster risk data, as well as the deployment of appropriate technologies for these activities, in order to enhance the availability and quality of information for at-risk populations; recommends that all EU-supported early warning initiatives allocate dedicated resources to ongoing system maintenance and updates, especially in the light of global challenges to science-based observation and procedures;

Or. en

Amendment 148
Pär Holmgren

Draft motion for a resolution

Paragraph 16

Draft motion for a resolution	*Amendment*
16. Reiterates its call for loss and damage to be a standing agenda item at COP meetings; welcomes the operationalisation of the fund for responding to loss and damage;	16. Reiterates its call for loss and damage to be a standing agenda item at COP meetings; welcomes the operationalisation of the fund for responding to loss and damage ***(FRLD)***; ***expresses its concern about the continued undersubscription of the FRLD and the number of pledges that have yet to be transformed into disbursement; calls on all Parties to step up loss and damage financing, securing transparent pledges and predictable delivery mechanisms; calls on all Parties to ensure that resources directed to the fund are in addition to existing contributions to climate finance; strongly believes that loss and damage funding should prioritise grants and be supplementary to, and distinct from, official development assistance; stresses the importance of acknowledging the distinct character of loss and damage by treating it separately from adaptation, including in the GST framework;***

Or. en

Amendment 149
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 16

Draft motion for a resolution	*Amendment*
16. Reiterates its call for loss and damage to be a standing agenda item at COP meetings; welcomes the operationalisation of the fund for responding to loss and damage;	16. Reiterates its call for loss and damage to be a standing agenda item at COP meetings; welcomes the operationalisation of the fund for responding to loss and damage; ***stresses, however, that current resources remain far below estimated needs and calls for the rapid scaling-up of predictable, adequate and accessible financial support***

	in the form of grants for those particularly vulnerable developing countries; calls for greater attention to slow-onset climate impacts, including sea-level rise, desertification and biodiversity loss;

Or. en

Amendment 150
Alexandr Vondra
on behalf of the ECR Group

Draft motion for a resolution
Paragraph 16

Draft motion for a resolution	*Amendment*
16. Reiterates its call for loss and damage ***to be a standing*** agenda item at COP meetings***; welcomes the operationalisation of the fund for responding to loss and damage***;	16. Reiterates its call for ***the*** loss and damage agenda item at COP meetings ***to be addressed in a transparent manner that safeguards the interests of all beneficiaries involved***;

Amendment 155
Martin Hojsík, Sigrid Friis

Draft motion for a resolution
Subheading 6 a (new)

Draft motion for a resolution	*Amendment*
	Underlines that effective access to justice in environmental matters, in line with the Aarhus Convention, is critical to achieving the goals of the Paris Agreement; believes that the EU and the Member States should lead by example and apply the findings and recommendations of the Aarhus Convention Compliance Committee, while respecting their own international commitments under the Aarhus Convention and the rule of law;

Or. en

Amendment 156
Pär Holmgren

Draft motion for a resolution
Paragraph 17 a (new)

Draft motion for a resolution	*Amendment*
	17a. Stresses that climate change is threatening the fundamental rights and well-being of children and young people; highlights the need to integrate child rights and intergenerational equity into all aspects of climate policy, including adaptation, mitigation, loss and damage, and climate finance;

Or. en

Amendment 157
Sirpa Pietikäinen

Draft motion for a resolution

Paragraph 18

Draft motion for a resolution	*Amendment*
18. ***Highlights*** the fact that the EU is currently on course to reduce net GHG emissions by around 54 % by 2030 compared to 1990 levels, if the Member States fully implement existing and planned national measures and EU policies; calls on the Member States to take the necessary measures to ***address*** this gap, and on the Commission to take additional measures to support the Member States in that effort;	18. ***Notes*** the fact that the EU is currently on course to reduce net GHG emissions by around 54 % by 2030 compared to 1990 levels, if the Member States fully implement existing and planned national measures and EU policies; calls on the Member States to take the necessary measures to ***close*** this gap, and on the Commission to take additional measures to support the Member States in that effort; ***stresses that the EU needs to step up its climate action, and to achieve emission reductions and climate neutrality before 2050 to match the policies to the scientific data on rapidly closing window of opportunity to secure a liveable and sustainable future for all;***

Or. en

Amendment 158
Lynn Boylan, Catarina Martins, Jonas Sjöstedt, Emma Fourreau, Anja Hazekamp

Draft motion for a resolution
Paragraph 18

Draft motion for a resolution	*Amendment*
18. Highlights the fact that the EU is currently on course to reduce net GHG emissions by around 54 % by 2030 compared to 1990 levels, if the Member States fully implement existing and planned national measures and EU policies; calls on the Member States to take the necessary measures to address this gap, and on the Commission to take additional measures to support the Member States in that effort;	18. Highlights the fact that the EU is currently on course to reduce net GHG emissions by around 54 % by 2030 compared to 1990 levels, if the Member States fully implement existing and planned national measures and EU policies; ***notes with concern, however, that preliminary data from Eurostat shows that the Union's emissions increased by 1% between 2024 and 2025;*** calls on the Member States to take the necessary measures to address this gap, and on the Commission to take additional measures to support the Member States in that effort;

Or. en

Amendment 159
Marie-Luce Brasier-Clain, Mathilde Androuët, Anne-Sophie Frigout, Valérie Deloge, Jorge Buxadé Villalba, Viktória Ferenc, Barbara Bonte

Draft motion for a resolution
Paragraph 18 a (new)

Draft motion for a resolution	*Amendment*
	18a. Notes that the reduction in emissions observed in some countries and sectors is the result of economic, technological and industrial dynamics; stresses that an emissions reduction target must be backed up by an industrial, energy and trade action plan with a view to minimising its adverse impact on employment and growth;

Or. fr

Amendment 160
Jessica Polfjärd

Draft motion for a resolution
Paragraph 18 a (new)

Draft motion for a resolution	*Amendment*
	18a. Stresses that achieving climate neutrality requires a technology-neutral approach that draws on all available low- and zero-carbon technologies; recognises, in this context, the role that nuclear energy can play alongside renewables in decarbonising the EU's energy system, providing stable, low-carbon baseload power and supporting the integration of variable renewable sources into the grid;

Or. en

Amendment 161
Jessica Polfjärd

Draft motion for a resolution
Paragraph 18 b (new)

Draft motion for a resolution	*Amendment*
	18b. Notes that several Member States are extending the lifetime of existing nuclear power plants or investing in new nuclear capacity, including Small Modular Reactors (SMRs), as part of their national energy and climate plans; calls on the Commission to ensure that EU energy and climate legislation and financing instruments fully respect the right of each Member State to determine the conditions for exploiting its energy resources, its choice between different energy sources and the general structure of its energy supply, including the choice to rely on nuclear energy;

Or. en

Amendment 162
Jessica Polfjärd

Draft motion for a resolution
Paragraph 18 c (new)

Draft motion for a resolution	*Amendment*
	18c. Calls on the Commission and the Member States to ensure that the EU's climate and energy transition is achieved through a diversified energy mix combining renewables, nuclear energy and energy efficiency measures, recognising that no single technology alone can deliver the speed and scale of decarbonisation required; underlines that nuclear energy is a proven, low-carbon source of energy that contributes to energy security and reduces dependency on imported fossil fuels;

Or. en

Amendment 163
Jessica Polfjärd

Draft motion for a resolution
Paragraph 18 d (new)

Draft motion for a resolution	*Amendment*
	18d. Highlights the emergence of Small Modular Reactors (SMRs) and other advanced nuclear technologies as a means of accelerating the deployment of low-carbon, dispatchable power, including in regions and industrial sectors not previously served by conventional large-scale nuclear plants; calls on the Commission to facilitate the standardisation and faster licensing of SMR designs across the Union, while maintaining the highest standards of nuclear safety;

Or. en

Amendment 164
Jessica Polfjärd

Draft motion for a resolution
Paragraph 18 e (new)

Draft motion for a resolution	*Amendment*
	18e. Reaffirms that the EU's climate transition must remain technology-neutral and rely on the most cost-effective combination of renewables, nuclear energy, energy efficiency and storage solutions to deliver a reliable, affordable and secure energy system; warns against policy approaches that risk locking in a single technology pathway at the expense of overall system resilience;

Or. en

Amendment 165
Jessica Polfjärd

Draft motion for a resolution
Paragraph 18 f (new)

Draft motion for a resolution	*Amendment*
	18f. Stresses that climate policy instruments should be designed to be technology-neutral and outcome-based, focusing on measurable emissions reductions rather than prescribing specific technologies; considers that this approach maximises cost-effectiveness, encourages innovation and allows the market to identify the most efficient pathways to decarbonisation;
