Question for written answer E-001804/2024/rev.1
to the Commission
Rule 144
Tomasz Froelich (ESN)

Subject: Opposition websites blocked in the European Parliament

The European Parliament's service computers block access to 'Der Status', an Austrian oppositional media outlet, with the message: 'We blocked this website to protect you'.

1. Does the Commission use US spyware, and if so, which ones and why?

2. Is the website 'Der Status' also blocked by the Commission?

3. If so, why is access blocked?
