

**Question for written answer E-002825/2024
to the Commission**

Rule 144

Stefano Cavedagna (ECR), Chiara Gemma (ECR), Lara Magoni (ECR), Francesco Torselli (ECR)

Subject: Funding for the ‘Dopo di Noi’ (‘After Us’) project in Tuscany

Known as ‘Dopo di Noi’ (‘After Us’), Law No 112 of 22 June 2016 entitled ‘Provisions on assistance for persons with serious disabilities without family support’ introduced into Italian law specific protections for persons with severe disabilities when family support is not available.

While the state is responsible for setting the basic standards for ‘Dopo di Noi’, it is up to the regions to define its planning guidelines, which in turn determine the allocation of the funding required to implement the project at the regional level.

It is therefore vital for regional ‘Dopo di Noi’ projects to be transparent in order to determine the impact that the EU’s health and consumer protection policies are having, particularly as regards the most vulnerable groups.

In view of the above:

1. What was the total amount of funding allocated by the Commission to Tuscany’s ‘Dopo di Noi’ project?
2. How have these funds been allocated and used?
3. For how long will Tuscany’s ‘Dopo di Noi’ project be funded, and what monitoring measures have been implemented to ensure that it is effective?
