

**Question for written answer E-000157/2025
to the Commission**
Rule 144
Jan-Peter Warnke (NI)

Subject: Cost of producing reports

I read with great interest the two reports by former Italian prime ministers Mario Draghi ('The future of European competitiveness') and Enrico Letta ('Much more than a market').

Could the Commission say how much each of the two reports actually cost and who initiated them.
