Question for written answer E-000410/2025
to the Commission
Rule 144
Daniel Freund (Verts/ALE)

Subject: Commission spending on buildings

1. What are the costs associated with Commission President Ursula von der Leyen's accommodation and does she personally contribute to these expenses? If so, what is the share of her contribution?

2. The Commission has reportedly sold 23 of its office buildings in Brussels. Does the Commission genuinely no longer require this space, or is it planning to rent some of it back? If so, has it been assured that renting will be more cost-effective than retaining ownership of the buildings?
