

**Question for written answer E-002652/2025
to the Commission**
Rule 144
Dolors Montserrat (PPE)

Subject: Alleged irregularities in the award of RRF funds to companies linked to a scheme investigated for corruption in Spain

The Spanish government is said to have allocated at least EUR 21 million from the Recovery and Resilience Facility (RRF) to companies linked to the alleged corruption network associated with senior PSOE officials in the Spanish government. These companies (Acciona, Levantina Ingeniería y Construcción, Áridos Anfersa, Obras Públicas y Regadíos, and Servinabar 2000) are said to be the subject of an investigation by the Central Operational Unit of the Guardia Civil for possible distribution of illegal commissions in the award of public works contracts.

Considering the above:

1. Does the Commission intend to open an investigation to establish whether there has been a breach of the principles of sound financial management, transparency and fraud prevention referred to in Regulation (EU) 2021/241 on the RRF?
2. What oversight and control measures has the Commission put in place or does it intend to put in place with regard to the allocation and use of these funds in this particular case?
