Subject: The European Public Prosecutor's Office investigation of the Marsa Junction project in Malta

In 2023, the European Public Prosecutor's Office launched an investigation into the use of EU funds for the building of the Marsa Junction in Malta.

The investigation concerned two aspects:

1. the suspected incorrect and illegal behaviour in the procurement process and;
2. the possibility of bribes having been requested.

The request for investigation was recorded by the European Anti-Fraud Office in the electronic file of case OC-2022-0857.

Could the Commission please indicate what stage the investigation has reached and what actions have been taken so far?
