

**Question for written answer E-003044/2025
to the Commission**
Rule 144
Isabel Benjumea Benjumea (PPE)

Subject: Recovery and Resilience Facility – part two

According to data from the Commission, as at 30 June 2025, after four years of implementation of the Recovery and Resilience Facility, disbursements of loans representing 38% of the total amount available under this Facility will have been made, leaving only one year to implement this funding in full.

Given the above:

1. What are the Commission's forecasts regarding the outstanding disbursements for the loan component of the Recovery and Resilience Facility?
2. Does the Commission plan to transfer 100 % of the resources available in the form of loans or – conversely – what is the forecast regarding payment requests not submitted and loans that cannot be transferred?
3. Has any Member State indicated that it will not submit all agreed payment requests linked to the loans?
