Rule 144

Nicolás González Casares (S&D), César Luena (S&D)

Subject: Agreement for humanitarian aid to enter Gaza

On 10 July 2025, Kaja Kallas announced that she had agreed with the Israeli Government that humanitarian aid to Gaza would be increased. The diplomatic service announced that the measures would be implemented in the following days. According to the European External Action Service, those measures would include: a substantial increase in the daily number of trucks transporting food and non-food items to Gaza; the opening of several other crossing points in both the northern and southern areas; the reopening of Jordanian and Egyptian aid routes; enabling the distribution of food supplies through bakeries and public kitchens throughout the Gaza Strip; the resumption of deliveries for use by humanitarian facilities, up to an operational level; the protection of aid workers; the repair and facilitation of works on vital infrastructure like the resumption of the power supply to the water desalination facility.

In view of the above:

1. What are the terms of the agreement with the Netanyahu Government to allow humanitarian aid through?
2. Where are those terms recorded?
3. Is the VP / HR not embarrassed that, two weeks after the announcement, nothing is being done, while thousands of people starve to death?
