

**Question for written answer E-003102/2025
to the Commission**

Rule 144

Charlie Weimers (ECR), Beatrice Timgren (ECR), Dick Erixon (ECR)

Subject: Contingency plans for EU support for Ukraine in case of a no-deal scenario for the 2028–2034 multiannual financial framework

The Commission's 2028–2034 long-term budget proposal received widespread criticism. It is far from certain that Member States will accept the proposed budget increase, new EU taxes or increased political control from Brussels.

In the light of these facts:

1. Can the Commission confirm that it has made, or that it will make, contingency plans to ensure Ukraine can continue to receive support from the EU in all scenarios – including if there is no deal on the long-term budget?
2. Will the Commission prepare targeted revisions to current legal acts that could be quickly adopted to ensure support continues in a no-deal, provisional twelfths scenario?
3. Does it agree that it is the Commission's responsibility to prepare for all scenarios in the budget negotiations so that continued support is ensured as Ukraine defends itself against Russia's illegal war of aggression?
