Subject: Delay in reporting by the Commission

According to the Asylum and Migration Management Regulation¹, the Commission was under an obligation to adopt, by 15 October 2025, the European Annual Asylum and Migration Report, the Commission proposal for a Council implementing act that sets out the Member States which are under migratory pressure, at risk of migratory pressure or facing a significant migratory situation, and the Commission proposal for a Council implementing act establishing the Annual Solidarity Pool.

However, these documents have not been adopted by the required date.

1. Can the Commission explain in detail the reasons for this delay, and indicate when it will adopt these key documents?
2. Does the Commission foresee this delay in adoption having any impact on the entry into force of the provisions of the Pact on Asylum and Migration?
3. How does the Commission intend to guarantee compliance by the Member States with the legal deadlines set out in the pact, given its own failure to comply with a clear legal deadline?
