Question for written answer E-004170/2025
to the Commission
Rule 144
Barbara Bonte (PfE)

Subject: Use of private jets by European Commissioners

In its communications, the European Commission regularly emphasises the importance of sustainability and climate neutrality and how important it is that the European institutions lead by example. In this regard, transparency about the travel arrangements of Commissioners is essential.

1. How many times have European Commissioners used a private jet or commercial flight since the beginning of this legislative term, broken down by category and by Commissioner?

2. For which destinations and events were such flights used?

3. Can the Commission indicate how long each journey was in kilometers?
