

Question for written answer E-004319/2025

to the Vice-President of the Commission / High Representative of the Union for Foreign Affairs and Security Policy

Rule 144

Per Clausen (The Left)

Subject: Sanctions against the United Arab Emirates for its role and arms supplies to Sudan

The situation in Sudan is becoming increasingly disastrous, with massacres of the civilian population and other human rights violations occurring on a daily basis. It is a state of affairs that is only being compounded by the continued supply of arms to certain parties – weapons that are often used against civilians.

With the above in mind:

1. What specific action has the EU taken in response to the UAE and Saudi Arabia's shared responsibility for and involvement in the conflict in Sudan, and the crimes against humanity committed during the conflict?
2. Will sanctions be imposed on the UAE, among others, for its supplies of arms and funding to the RSF, and what will be done to prevent further arms deliveries to Sudan and to sanction those responsible?
3. Specifically, how will the EU support the establishment of humanitarian corridors, independent media and the gathering of evidence for the future prosecution of those who are guilty of war crimes, crimes against humanity and so on in Sudan?
