Subject: Designation of Rosatom under restrictive measures for actions undermining Ukraine's territorial integrity

Russia's state nuclear corporation, Rosatom has systematically weaponised its corporate structures to facilitate military occupation of Zaporizhzhia nuclear power plant, Europe's largest nuclear facility. Documented evidence shows Rosatom's operational support for torture, arbitrary detention of 226 civilians, and deliberate violations of International Atomic Energy Agency nuclear safety principles at occupied Zaporizhzhia nuclear power plant, while Rosatom subsidiaries including TVEL maintain active commercial presence in EU Member States.

1. Does Rosatom's documented role in facilitating military occupation, systematic human rights violations, and the weaponisation of civilian nuclear infrastructure constitute 'actions undermining or threatening the territorial integrity, sovereignty and independence of Ukraine' under Council Decision 2014/145/CFSP¹, providing grounds for listing under Article 4 and qualifying Rosatom executives and its key subsidiaries for designation under Articles 1 and 2, resulting in the freezing of assets and the prohibition on making funds available to designated entities?
2. When will Council adopt measures to prohibit commercial operations by designated Rosatom entities within the EU?
