

Question for written answer E-001624/2026

to the Vice-President of the Commission / High Representative of the Union for Foreign Affairs and Security Policy

Rule 144

Lefteris Nikolaou-Alavanos (NI), Kostas Papadakis (NI)

Subject: Invasion and dangerous plans to partition Lebanon by the State of Israel

Following the criminal attack by the US and Israel on Iran and the dangerous plans to transform Gaza into an American protectorate, Israel is now also promoting the partition of Lebanon. Under the pretext of eradicating Hezbollah, it has created a so-called ‘peace plan’, in which it provides for the permanent presence of Israeli troops and the creation of a buffer zone.

This is reflected in the map published by the Israeli army with the occupied territories in southern Lebanon, which also extends to a corresponding maritime zone – a move that is by no means accidental, since the Israeli-Lebanese maritime border is crucial for the establishment of an EEZ in the Eastern Mediterranean, an area with significant energy reserves. In fact, the Commission defends its involvement in the creation of the spurious ‘Peace Council’, under the pretext that the US, Israel and their allies will supposedly guarantee peace!

The Vice-President / High Representative of the Union for Foreign Affairs and Security Policy is asked:

1. What view does she take of the State of Israel’s unacceptable invasion of Lebanon and of Israel’s plans to split Lebanon into three by imposing an Israeli military occupation zone on the country and creating ‘buffer zones’ to the detriment of Lebanon’s territorial integrity?
2. What view does she take of the call for an immediate halt to the EU-Israel Association Agreement and to all forms of EU cooperation with Israel, as the peoples are urgently demanding through their struggle?
