E-001433/2024

Answer given by Ms Johansson
on behalf of the European Commission
(4.9.2024)

As the question regarding 'Frontex's use of firearms and ammunition' falls entirely under the responsibility of the European Border and Coast Guard Agency (Frontex), the Commission has asked the Agency to provide the details requested by the Honourable Member. The Agency's reply will be sent by the Commission to the Honourable Member as soon as possible.
