E-002302/2024

Answer given by Executive Vice-President Fitto
on behalf of the European Commission
(13.1.2025)

Poland's recovery and resilience plan is financed by EUR 59.8 billion, of which EUR 34.5 billion in loans and EUR 25.3 billion in grants, which are available for payments subject to fulfilment of the relevant milestones and targets.

Poland received EUR 5.1 billion in pre-financing on 28 December 2023. The REPowerEU prefinancing consisted of EUR 551 million in grants and EUR 4.5 billion in loans (in both cases calculated as 20% of the respective total allocations).

Following a positive assessment of Poland's first payment request under the Recovery and Resilience Facility (RRF), submitted on 15 December 2023, the Commission disbursed the first payment to Poland of EUR 6.3 billion (net of pre-financing) of which EUR 3.6 billion in loans and EUR 2.7 billion in grants.

On 12 November 2024, the Commission endorsed a positive preliminary assessment of Poland's payment request for the second and third instalments. On 17 December 2024, the Commission disbursed the payment to Poland of EUR 9.4 billion (net of pre-financing) of which EUR 5.3 billion in loans and EUR 4.1 billion in grants.

Therefore, to date, the Commission has disbursed EUR 20.8 billion in grants and loans to Poland: EUR 5.1 billion in REPowerEU pre-financing and EUR 15.7 billion in the context of the first, second and third instalments.
