

(English version)

**Question for written answer E-000685/25
to the Commission
Arkadiusz Mularczyk (ECR)
(13 February 2025)**

Subject: Monitoring of the implementation of the Pact on Migration and Asylum by Member States and compliance with the timeline set by the Commission

I would like to ask the Commission about the extent to which each Member State has implemented the various steps of the Pact on Migration and Asylum in accordance with the timeline set out in the Commission communication of 12 June 2024 (COM(2024)0251, SWD(2024)0251).

To what extent has each Member State completed the following different steps? If the deadlines have not been met, what types of measures have been taken to address the delays?

1. Setting-up of national coordination structures and appointment of a coordinator by 1 July 2024.
2. Submit draft national implementation plans to the Commission by October 2024 and communicate final national implementation plans by 12 December 2024.
3. Undertake administrative, operational and legal measures by mid-2026.

Submitted: 13.2.2025

**Answer given by Mr Brunner on behalf of the European Commission
(12 September 2025)**

In its communication from 11 June 2025 ⁽¹⁾, the Commission presented a state of play of the progress made at EU and national level in the implementation of the Pact on Migration and Asylum ⁽²⁾, and provided an overview of the state of implementation in relation to each of the ten building blocks set out in the Common Implementation Plan ⁽³⁾.

All Member States have established planning and coordination mechanisms to deliver at the operational level, and have appointed contact points at senior and technical level that work in close contact with the Commission. Regarding the national implementation plans, 25 Member States have submitted their plans to the Commission to date.

In their plans, Member States have addressed the administrative, operational and legal measures needed for the implementation of the Pact on Migration and Asylum, and the work on the necessary legislative and operational changes has started across Member States.

The Commission maintains a continuous dialogue with all Member States to provide direct assistance and tailor-made support, to monitor the progress in the implementation, and to address possible delays.
