**Question for written answer E-001713/25
to the Commission
Oihane Agirregoitia Martínez (Renew)

Subject: Compliance with the EU pact on migration and asylum

The Pact on Migration and Asylum entered into force on 11 June 2024. However, Member States have until 12 June 2026 to bring their laws into line with the Common Implementation Plan for the Pact, presented by the European Commission on 12 June 2024.

Spain submitted its National Implementation Plan in December 2024, with the national government affirming that it ‘always works placing human rights centre stage and with the utmost respect for international law’. However, access to this roadmap is restricted, so that it is not possible to cross-check the central government’s approach for implementing the Pact.

In light of the above:

1. Is it possible to see the National Implementation Plan for the Pact on Migration and Asylum presented by Spain?
2. What progress has Spain made in implementing the Pact, given that it already submitted its National Plan?
3. More specifically, what measures does the Commission intend to take in the event of non-compliance with the solidarity mechanism for fair burden-sharing between Member States?

Submitted: 29.4.2025

Spain submitted its National Implementation Plan to the Commission. It is a decision of the Spanish authorities whether to make the plan publicly available.

The Commission is working closely with all Member States to implement the Pact on Migration and Asylum ⁽¹⁾ and to support Member States in being well prepared by mid-2026 when its provisions will apply in full.

In accordance with Article 84 of the Asylum and Migration Management Regulation (AMMR) ⁽²⁾, the Commission informed the European Parliament and the Council on the State of play on the implementation of the Pact on Migration and Asylum ⁽³⁾.

The solidarity mechanism established by the AMMR includes safeguards and incentives for compliance.

The High-Level Solidarity Forum will accompany the implementation and the Technical-Level Solidarity Forum will support the day-to-day operationalisation of solidarity.

As guardian of the Treaties, the Commission monitors the correct application, implementation and enforcement of the law and may take appropriate procedures in line with the Treaties to ensure compliance.
