Answer given by Mr Brunner
on behalf of the European Commission
(7.11.2025)

A swift and effective implementation of the Pact on Migration and Asylum¹ is a priority for the Commission. Poland submitted to the Commission its position on the implementation of the Pact on Migration and Asylum. The Commission is in regular contact with all Member States and continues supporting them in making sure that they will be ready to fully implement the Pact as of mid-2026.

Progress across the different elements of implementation of the Pact on Migration and Asylum, including the development of National Implementation Plans, is described in the Commission Communication on the state of play on Pact implementation².

The Commission will continue to provide regular information on the state of implementation of the Pact by Member States as part of the reporting requirements established in the Asylum and Migration Management Regulation³, as well as in the framework of the Working Group on Asylum of the European Parliament's Committee on Civil Liberties, Justice and Home Affairs.
