Subject: Extension of EUBAM Libya

On 2 July 2025, the Council decided to extend the mandate of the EU Integrated Border Management Assistance Mission in Libya (EUBAM Libya) for another two years, from 1 July 2025 to 30 June 2027.

1. What methods were used to evaluate the relevance and implementation of the mission's mandate, and how are international legal obligations, such as respect for human rights, reflected in these evaluation mechanisms?
2. What benchmarks are being used to measure the success of EUBAM Libya, especially in relation to the training component of the mission?
3. Does the Council intend to share its evaluation reports with Parliament?

The Political and Security Committee (PSC) evaluates whether a CSDP action needs to be refocused, drawing on a Strategic Review developed by the European External Action Service under the responsibility of the High Representative and in accordance with established crisis management procedures.

On 16 April 2025, in the context of the Strategic Review of EUBAM Libya, the PSC agreed that the mandate of that mission should be extended by two years. Ensuring full respect for international human rights standards are core aspects of the Mission's work. EUBAM Libya has adopted a Human Rights Action Plan and Human Rights Due Diligence Policy to be implemented throughout the Mission's activities.

Benchmarking criteria are developed in the Mission's Operation Plan. For matters concerning the Mission's operational design, the Honourable Member is invited to address the question to the High Representative.

The Council does not produce its own evaluation reports on civilian CSDP missions.
