E-003103/2025

Answer given by Mr Tzitzikostas
on behalf of the European Commission
(5.9.2025)

As reported by Deutsche Presse-Agentur on 20 July 2025 and published in several news sources, the Commission clarified that no decision has yet been taken on the proposal on decarbonising corporate fleets. An impact assessment is being prepared by the Commission services, and it will be published together with the legislative proposal, in accordance with the relevant procedures.

The impact assessment will evaluate and compare different policy options and will not be limited to a 'one-size-fits-all approach' as falsely claimed in some news reports.

The Commission will decide on the contents of the legislative proposal based on the outcome of the impact assessment.
