The implementation of the programming period 2014-2020 of the Home Affairs Funds¹ was extended by one year to allow Member States to use the remaining funds to address the challenges resulting from Russia's invasion of Ukraine.

During the programming period 2021-2027, EUR 385 million were allocated as emergency assistance in 2022 from the Asylum, Migration and Integration Fund (AMIF)² and the Border Management and Visa Instrument³ to the Member States most affected by the mass influx of displaced persons from Ukraine⁴. EUR 7 million were earmarked for the 'Safe homes' initiative⁵. In 2023, EUR 8 million were earmarked for a EUR 31.2 million International Federation of the Red Cross and Red Crescent Societies (IFRC)-led project, offering psychological first aid and psychosocial support in 28 countries⁶. EUR 65.2 million were allocated under an AMIF Specific Action to Bulgaria, Czechia, Poland, and Romania for hosting a high number of beneficiaries of temporary protection. Currently, EUR 1.5 billion is being made available under AMIF to support Member States with the implementation of the Pact on Migration and Asylum and for hosting displaced persons from Ukraine.

Under the 2021-2027 cohesion funds, EUR 1.2 billion⁷ from the European Regional Development Fund and the European Social Fund Plus was mobilised to support the integration of third-country nationals, including displaced Ukrainians⁸, mainly via employment and social inclusion.
