E-003438/2025

Answer given by Mr Serafin
on behalf of the European Commission
(26.1.2026)

The Commission would like to refer the Honourable Member to the information on missions involving the use of private charter flights by the Members of the Commission for 2024, which was provided in the answer to question E-000189/25. Information on the use of private charter flights by the Members of the Commission for the year 2025 is or will be made publicly available¹ for both the President and the Members of the Commission.

The reason and cost of each mission is published once the billing process is concluded.

Additionally, the choice of the airline and any particular flight for a mission is subject to a number of criteria including timetable, agenda constraints and cost-efficiency.
