Answer given by Mr Dombrovskis
on behalf of the European Commission
(21.11.2025)

The Polish Recovery and Resilience Plan includes investments aiming to supply schools in Poland with state-of-the-art multimedia equipment for teachers and students.

When it comes to the public procurement process, including the translation of any requirements from the Annex to the Council Implementing Decision¹ in the tenders, this lies within the competence of the Polish authorities. The Commission will verify the fulfilment of the requirements of the related milestones and targets included in the Council Implementing Decision in the preliminary assessment of payment requests, which has not yet taken place for the investment in question.
