Answer given by Mr Dombrovskis
on behalf of the European Commission
(10.12.2025)

In line with Regulation (EU) 2021/241¹, the financial contribution allocated to Italy under the Recovery and Resilience Facility (RRF) is disbursed if the milestones and targets set out in the Annex to the Council Implementing Decision on the approval of the assessment of the Recovery and Resilience Plan for Italy (CID Annex) are satisfactorily fulfilled².

The consolidation and restoration of the Garisenda Tower may be reported by Italy as part of the final target in the context of Investment 2.4: ‘Seismic safety in places of worship, restoration of “Fondo Edifici di Culto” (Fund for Religious Buildings) heritage, and shelter sites for works of art (Recovery Art)’. The Commission has not yet assessed the fulfilment of the target against the requirements specified in the CID Annex, including compliance with the established timeline as Italy has not yet submitted the corresponding payment request.

Member States remain primarily responsible for the implementation of their Recovery and Resilience Plans as approved in the CID Annex, as well as for verifying that the financing provided has been properly used in accordance with all applicable rules.
