Answer given by Ms Šuica
on behalf of the European Commission
(13.5.2026)

The Commission was made aware about allegations that the organisation MIFTAH¹, funded by the EU, published statements about Israel and the 7 October 2023 events that would be allegedly incompatible with the EU's contractual obligations of anti-incitement of violence and hatred.

The Commission treats allegations concerning EU-funded partners with the utmost seriousness and is actively reviewing the statements brought to its attention, as part of its ongoing procedures. To date, no evidence of any breach of principles or contractual obligations has been identified. The process remains under continuous review.
