E-000104/2026

Answer given by Mr Síkela
on behalf of the European Commission
(30.4.2026)

The 2025-2027 allocation to Nicaragua, including the streamlined focus on the ‘sustainable economic growth’ priority, reflects the outcome of the Mid-Term Review process¹. The review established 2025-2027 allocations based on several elements, including evolving global EU priorities, the absorption capacity and the operating environment of the countries, and the broader context of international partnerships with the EU.

From January 2021 to January 2026, EUR 22.9 million have been disbursed.
