

(English version)

**Question for written answer E-001113/26
to the Commission
Markus Buchheit (ESN)
(18 March 2026)**

Subject: Gross and net wealth in the EU Member States

1. What is the Commission's assessment of the gross national wealth of each EU Member State (companies, private households and state) in 2023, broken down into tangible assets (including buildings and housing, industrial plants, machinery, infrastructure such as roads and bridges, land, other real estate, vehicles and technical equipment), financial assets (including bank deposits, shares, bonds, receivables from other countries or private parties, and holdings in undertakings) and intangible assets (including patents, licences, intellectual property, software, research findings, trademarks and other commercially exploitable rights)?
2. In 2023, what was the corresponding net national wealth for each Member State, taking into account the same asset categories and relevant liabilities?
3. When preparing its reply, is the Commission considering using, as far as possible, a methodology similar to that used by the Deutsche Bundesbank for sectoral and macroeconomic balance sheets and, if not, why not?

Submitted: 18.3.2026

**Answer given by Mr Dombrovskis on behalf of the European Commission
(22 May 2026)**

1. Eurostat publishes data on total annual financial assets and liabilities of the total economy ⁽¹⁾, as well as on non-financial assets by detailed asset type ⁽²⁾, for all Member States, starting from 1995. The data are also available by institutional sector.
2. The stocks of non-financial and financial assets for Germany for the reference year 2023 in EUR million are as follows: Non-financial assets — excluding IPPs (tangible assets) 21,651,552; Intellectual Property Products (IPPs) (intangible assets) EUR 719,718; Financial net worth 3,180,374. The same data for other Member States can be obtained following the links in footnotes 1 and 2.
3. National accounts and annual financial accounts data, transmitted to Eurostat by Member States and published on the website of Eurostat, follow the European System of National and Regional Accounts (ESA 2010) ⁽³⁾.
