E-001568/2026

Answer given by Executive Vice-President Séjourné
on behalf of the European Commission
(10.6.2026)

The Commission is aware of and is carefully addressing the communication submitted on 7 April 2026 by a group of 60 Romanian non-governmental organisations requesting the opening of an EU Pilot procedure concerning Law L143/2026¹ in Romania, as referenced by the Honourable Member.

The Commission is currently assessing this communication in detail. Following this assessment, the Commission will inform the authors of the communication about the most appropriate next steps to address their concerns effectively. These steps could include engaging in a pre-infringement dialogue with the Romanian authorities (formerly referred to as the EU Pilot dialogue)².

It should also be recalled that national authorities bear the primary responsibility for ensuring the correct application of EU law as well as respecting, in this context, the rights guaranteed under the Charter of Fundamental Rights of the European Union, including by providing effective redress.
