Answer given by Executive Vice-President Ribera
on behalf of the European Commission
(3.7.2026)

The Commission has not received a pre-notification for this specific case and therefore cannot provide further information. It is the responsibility of the Member States to assess whether a planned measure, such as a proposed prolongation of highway concessions, constitutes State aid and, if necessary, to notify the Commission accordingly.

The Commission remains available to support national authorities in ensuring full compliance with relevant EU law and, where needed, will undertake any appropriate measure in this respect.
