Answer given by Mr Serafin
on behalf of the European Commission
(14.7.2026)

The Commission does not publish Member State specific tables detailing estimates of total EU budget revenues, including own resources or debt servicing, nor comparative tables between the current (2021-2027)¹ and proposed (2028-2034) Multiannual Financial Framework ('MFF')².

These data remain confidential, as they are based on preliminary calculations and assumptions that may evolve during the legislative process.

The Commission's proposals for the 2028–2034 MFF and own resources provide aggregate EU-level figures, including in the long-term forecast of future inflows and outflows of the EU budget³.
