Answer given by High Representative/Vice-President Kallas
on behalf of the European Commission
(6.10.2026)

The European Commission does not comment on media reports. It will assess Türkiye's approach on good neighbourly relations and regional cooperation in the context of the upcoming Enlargement Package, in October 2026.

The Commission's 2025 Türkiye report, published as part of the 2025 Enlargement Package, underlined that the flights of Turkish unmanned aerial vehicles in the flight information region and national airspace of the Republic of Cyprus continued unabated¹.

In a broader context, the EU will continue to raise matters of concern through the appropriate political and diplomatic channels, to defend the interests of the EU and its Member States, and to uphold regional stability.
