Answer given by Mr Várhelyi
on behalf of the European Commission
(21.3.2025)

Preparatory work for the 2025 EU4Health Work Programme is on-going in cooperation with the Member States to identify strategic orientations and priorities for 2025. Relevant stakeholders have also been consulted as part of this process. The on-going preparations of the 2025 Work Programme also take into account the transition to the new Commission, which took office in December 2024, the need to integrate new mission letter priorities into the programme, and the need to implement the reduced EU4Health programme budget from 2025 onwards.

The EU4Health Programme is a key instrument for addressing the EU's most pressing health priorities and driving progress in the EU's health sector. The Commission remains committed to delivering on the Programme's objectives and ensuring its continued relevance and impact.
