Answer given by Mr Brunner
on behalf of the European Commission
(19.6.2025)

The Commission adopted a decision to provide a total of EUR 3 billion from the thematic facility under the Asylum, Migration and Integration Fund (AMIF)[1] and the thematic facility under the Instrument for Financial Support for Border Management and Visa Policy (BMVI)[2]. The purpose is to support Member States in the implementation of the Pact on Migration and Asylum and in hosting displaced persons from Ukraine.

In addition, Member States eligible to receive additional mid-term allocations under the AMIF[3] and the BMVI[4] programmes may use those additional resources to address their specific needs, including in relation to the implementation of the Pact on Migration and Asylum.

It is for the Member States to determine the co-financing rates for the EU contribution, which can vary from 75% to 100% across the different types of actions implemented under their programmes. The Commission will receive information on the level of co-financing from each Member State once the amended national programmes are approved.

The Commission is supporting the Member States and is in close and continued dialogue with national authorities at various levels to translate the provisions of the Pact on Migration and Asylum into practice.
