Subject: Audit of orders placed with the firm Fiege in Germany

1. As part of the audit of Germany's mask orders placed with Fiege during the COVID-19 pandemic, when did the Commission have contact with which German authorities, ministries or other public bodies ⁽¹⁾?
2. When did such contact take place as part of the audit of the orders placed with the firm Emix?

Submitted: 1.7.2025

**Answer given by Ms Lahbib on behalf of the European Commission
(2 September 2025)**

The Commission would like to recall that the procurement, auditing, and follow-up of national purchases of medical countermeasures are primarily the responsibility of the Member States concerned. In this context, the German authorities conducted their own audit concerning the procurement of masks and related logistic support, including the contracts with the firm Fiege.

The Commission is not aware of any contacts with German authorities, ministries, or other public bodies in relation to this national audit. Accordingly, the Commission has not had such contacts as part of that process.
