Subject: Commission Communication on the state of play on the implementation of the Pact on Migration and Asylum and Poland's position on the Pact

In Commission Communication COM(2025)319 of 11 June 2025, entitled 'State of play on the implementation of the Pact on Migration and Asylum' ⁽¹⁾, it was noted that 25 Member States had submitted their national implementation plans for the migration pact. At the same time, it was stated that all Member States, with the exception of Hungary, had 'regularly engaged with the Commission on the implementation of the Pact'.

In footnote 13, the Commission clarifies that 'Hungary communicated to the Commission that it does not intend to prepare a NIP. Poland submitted its position on the implementation of the Pact'.

On the basis of the above information, it can be concluded that, unlike Hungary, Poland has not declared an intention not to prepare a national implementation plan and that it has been regularly engaging with the Commission in this regard.

In the light of the foregoing:

1. On the basis of which document submitted by Poland and which of its points did the Commission come up with the assessment set out in footnote 13?
2. On what basis did the Commission include Poland among the Member States that 'regularly engaged' with the Commission on the implementation of the pact?
3. How does the Commission assess the current state of implementation of the Pact on Migration by Poland?

Submitted: 16.7.2025

Answer given by Mr Brunner on behalf of the European Commission
(18 September 2025)

A swift and effective implementation of the Pact on Migration and Asylum ⁽¹⁾ is a priority for the Commission. Almost all Member States have submitted their National Implementation Plans to the Commission. Poland submitted to the Commission its position on the implementation of the Pact on Migration and Asylum.

The Commission is in regular contact with all Member States, including those that did not submit a National Implementation Plan, and is supporting them in making sure that they will be ready to fully implement the Pact as from June 2026.

The Commission kindly refers the Honourable Member to the exchanges taking place at the Working Group on Asylum of the European Parliament's Committee on Civil Liberties, Justice and Home Affairs, where additional information is regularly provided on the state of implementation of the Pact by Member States.

Half-way through the transition period on implementation of the Pact on Migration and Asylum, important progress has been made both at EU and national level. The Commission will report again on progress on the implementation of the Pact in October 2025.
