P-002069/2026

Answer given by Ms Albuquerque
on behalf of the European Commission
(23.6.2026)

The Commission is monitoring the state of all the Member States' national legislation in relation to the implementation of the Markets in crypto-assets (MiCA) Regulation¹ and is aware of the situation in Poland. The Commission had a compliance meeting on 10 March 2026 with the Polish authorities concerning the state of transposition of various EU acts, including the MiCA Regulation.

The Commission has opened an infringement procedure against Poland and sent two letters of formal notice² on 7 May 2025 and 4 June 2026 (reference INFR(2025)2038³) for its failure to transpose the amendments to the fifth Capital Requirements Directive⁴ introduced by the MiCA Regulation and for failing to notify the Commission of the national rules on the implementation of the MiCA Regulation. Poland has two months to respond and address the shortcomings raised by the Commission. In the absence of a satisfactory response, the Commission may decide to issue a reasoned opinion under Article 258 of the Treaty on the Functioning of the EU.

The Polish Financial Supervision Authority (UKNF) has issued a statement⁵ regarding the lack of designation of a competent authority in Poland for the supervision of the crypto-assets market, clarifying that after 1 July 2026 cross-border services will be available in Poland, but that, in the absence of a national authority, domestic (Polish) entities will lose the ability to provide crypto-asset services.
