Report

A10-0104/2026

Dimitris Tsiodras, Piotr Müller

Simplification of certain requirements and procedures for chemical products
(COM(2025)0531 – C10-0143/2025 – 2025/0531(COD))

Proposal for a regulation

Article 1 – paragraph 1 – point 2

Regulation (EC) No 1272/2008

Article 17(1)

Text proposed by the Commission

Amendment

(a) the name, address *and digital contact*
of the *suppliers*;;

(a) the name *and* address of the *supplier*;

Or. en

Justification

While simplification is introduced in the current text, labelling requirements remain excessive. Removing additional mandatory contact elements ensures clarity and reduces administrative burden without compromising safety, as essential information remains available.

A10-0104/131

Amendment 131

Volker Schnurrbusch, Anja Arndt, Marc Jongen

on behalf of the ESN Group

Report

A10-0104/2026

Dimitris Tsiodras, Piotr Müller

Simplification of certain requirements and procedures for chemical products
(COM(2025)0531 – C10-0143/2025 – 2025/0531(COD))

Proposal for a regulation

Article 2 – point 2 – point ba (new)

Regulation (EC) No 1223/2009

Article 15 –paragraph 2a (new)

Text proposed by the Commission

Amendment

(ba) the following paragraph is inserted:

2a. The assessment of substances under this Article shall explicitly take into account the relevant routes of exposure. Substances classified as hazardous solely for routes of exposure not relevant to the intended use of the cosmetic product shall not be subject to automatic restriction or prohibition.

Or. en

Justification

The absence of a clear route-of-exposure approach leads to disproportionate restrictions. This amendment introduces scientific consistency and corrects a key shortcoming identified in CA2.

Simplification of certain requirements and procedures for chemical products
(COM(2025)0531 – C10-0143/2025 – 2025/0531(COD))

Proposal for a regulation

Article 2 – paragraph 1 – point 2– point bb (new)

Regulation (EC) No 1223/2009

Article 2 – paragraph 2b (new)

Text proposed by the Commission

Amendment

(bb) the following paragraph is inserted:

2b. The assessment of alternatives shall remain proportionate and shall not lead to de facto prohibition where safe use of the substance has been established.

Or. en

Justification

The current text strengthens alternative requirements, which risks indirect bans. This amendment ensures that safe substances are not removed solely due to theoretical alternatives.
